Subject: CSM summit
CSM Summit preparation-dft1.doc

I took a stab at putting something together that will help our consulting team & Earl and others prepare for the CSM summit. Would you take a look and add to it? Or if I'm way off base, we can sit down and discuss.

If you think this is going in the right direction, then I'll send it on to Earl and consultants for them to add to the list of things we need to discuss.
